## DAILY GAZETTE.

ANOTHER AVENUE OPEN.—"What shall we do with them?" is the question which seemed insuperable to a great many two years ago, and is a trouble to some yet. So far had the northern mind got penetrated with the slaveholding idea, that a black man was some different kind of being with no human nature in him; but a sort of cross with some unimaginable monster, that he could not be relied on to be turned loose; but must be led by a halter or kept in a cage, for safety to others and himself. Strange to say, the black man acts very much like any other man, with the same chances. He can take care of himself if others will just let him alone, after the same way they do a Celt or Teuton.

For instance, read this from a letter dated at Beaufort, S. C., Nov. 18:

"On the 3d instant Gen. Saxton issued a circular to the freedmen, authorizing them to locate on the lands in that department which are about to be sold by the tax commissioners, not exceeding twenty acres for each head of a family. The description of the land, when located, to be accompanied by the deposit of the government price, about $1.25 per acre.

It was to be feared that unless some organized movement was made by the freedmen for the purchase on the soil on which they had toiled and suffered for so many years, it would pass into the hands of speculators, who might not deal fairly with them. It was in order to enable them to make such a movement that the circular in question was issued.

The system inaugurated by it has been but a few days in operation, and it works better than could have been expected, even by the most sanguine friends of the freedmen. These negroes are marking out their twenty-acre lots all over the department, and I have been informed to-day by Mr. Ketchum, who receives the deposits, that on this island alone over two thousand dollars have been paid by the freedmen to secure their homes. The idea that they can become landholders fills them with delight, and there is no doubt but the soil will be well cultivated. The negroes who bought lands last year have done well. One man—Kit Green—will clear more than two thousand dollars, and another—Henry Pope—nearly as much, from their cotton crops alone."

COAL OIL FOR FRUIT TREES.—A gentleman formerly connected with the coal oil business, says that several years ago, in a journey for exhibition, he accidentally had a bottle broken, saturating the sawdust in which the bottles were packed. When he arrived at his stopping place, he put the sawdust at the foot of the plumb tree, it being about the time of blossoming of the plumb trees. The result was watched, and it turned out that the curculio, which ravaged the other plumb trees in the orchard, gave this one a wide birth, and the plumbs were saved to ripen.

This circumstance led to still further experiments, with like favorable results.

The sawdust thus saturated—which can be done with the cheapest kind of coal oil—retains the odor for a long time, which is quite offensive to the fastidious taste of this little pest. The borer also will not put his gimlet into the trunk of a tree which is encircled with this stuff.

STOREY IN ANOTHER FIT OF DELIRIUM.—Jeff. Davis' Chicago organ of Thursday last, contains the following notice of Daniel S. Dickinson's lecture for the benefit of children of soldiers:

"If those who really wish to benefit the children of soldiers fallen in battle can devise for that end no better means than the the employment of this vapid, venomous, hoary-headed old blackguard of a lecturer, they are of shallow invention."

We would respectfully commend the above extract as descriptive of Storey himself, by substituting *another* orthography for the word *hoary*, and inserting the word *editor* in the place of *lecturer*.—*Chicago Railroad Gazette.*

TERRIBLE ACCIDENT.—Doctor Balcom was called out on the Green Bay road on Monday last to see a man named Patrick Keenan, who had been drawn five times under the tumbling rod of a thrashing machine, and was only saved from other experiences of the same kind by the breaking of the couplings. Although terribly bruised and otherwise injured, Dr. B. has hopes of his recovery.—*Manitowoc Tribune.*

How many common figurative expressions in our language are borrowed from the art of carpentry, may be seen in the following sentence: "The lawyer who filed the bill, shaved a note, cut an acquaintance, split a hair, made an entry, got up a case, framed an indictment, empannelled a jury, put them into a box, nailed a witness, hammered a judge, and bored a whole court, all in one day, has since laid down the law and turned carpenter."

[Extract of a private letter from New York.]

COMPLIMENTARY TO BEECHER.—Ward Beecher has got home, and is more popular than ever. Even those heretofore most strongly prejudiced against him reluctantly admit that he has done the country a great service. His address, night before last, at the Academy of Music, realized $4,000 for the sanitary commission. I knew he would make his mark in England, especially if he encountered opposition. No man can match him in the management of a turbulent audience—as the Liverpool secesh doubtless found out before they were through with him. He is a host when earnest work is to be done—none of your soft, satin-velvety, conciliating polished old fogies, like Everett, but an intellectual rhinoceros, whose terrible horn and snout make the common cattle stand around—an iron-clad Doctor of Divinity, with a ram at both ends and guns pointing every way, charged with Greek fire.

RIGHT TO THE POINT.—The Missouri Democrat, in an article headed "Immediate and Gradual Emancipationists," says:

"Some obscurity in the minds of people abroad as to the real difference between the parties above named, in the state of Missouri, would, perhaps, make a word of explanation necessary. The difference is easily stated. The immediate emancipationists want to get rid of slavery as soon as they can—the gradual emancipationists want to keep slavery as long as they can. The former desire emancipation from choice—the latter willing to take it when they can't help themselves."

A plan is talked of in Philadelphia for a mammoth heating apparatus—the heat to be distributed to dwellings as gas is distributed.

(Successors to E. F. HATHAWAY)

Jackson St. opposite Presbyterian Church.

WE are now conducting one of the best Carriage manufactories in the West. We feel satisfied that we can turn out from our shop

We have now on hand of our own manufacture—Light two-seated Carriages, extension tops, for one or two horses; light two seated open Buggies, Top Buggies, single open Buggies, &c.

We would call especial attention to our light

## DAILY GAZETTE.

ANOTHER AVENUE OPEN.—What shall we do with them? is the question which seemed insuperable to a great many two years ago, and is a trouble to some yet. So far had the northern mind got penetrated with the slaveholding idea, that a black man was some different kind of being with no human nature in him; but a sort of cross with some unimaginable monster, that he could not be relied on to be turned loose; but must be led by a halter or kept in a cage, for safety to others and himself. Strange to say, the black man acts very much like any other man, with the same chances. He can take care of himself if others will just let him alone, after the same way they do a Celt or Teuton.

For instance, read this from a letter dated at Beaufort, S. C., Nov. 18:

"On the 3d instant Gen. Saxton issued a circular to the freedmen, authorizing them to locate on the lands in that department which are about to be sold by the tax commissioners, not exceeding twenty acres for each head of a family. The description of the land, when located, to be accompanied by the deposit of the government price, about $1.25 per acre.

It was to be feared that unless some organized movement was made by the freedmen for the purchase on the soil on which they had toiled and suffered for so many years, it would pass into the hands of speculators, who might not deal fairly with them. It was in order to enable them to make such a movement that the circular in question was issued.

The system inaugurated by it has been but a few days in operation, and it works better than could have been expected, even by the most sanguine friends of the freedmen. These negroes are marking out their twenty acre lots all over the department, and I have been informed to-day by Mr. Ketchum, who receives the deposits, that on this island alone over two thousand dollars have been paid by the freedmen to secure their homes. The idea that they can become landholders fills them with delight, and there is no doubt but the soil will be well cultivated. The negroes who bought lands last year have done well. One man—Kit Green—will clear more than two thousand dollars, and another—Henry Pope—nearly as much, from their cotton crops alone."

COAL OIL FOR FRUIT TREES.—A gentleman formerly connected with the coal oil business, says that several years ago, in a journey for exhibition, he accidentally had a bottle broken, saturating the sawdust in which the bottles were packed. When he arrived at his stopping place, he put the sawdust at the foot of the plumb tree, it being about the time of blossoming of the plumb trees. The result was watched, and it turned out that the curculio, which ravaged the other plumb trees in the orchard, gave this one a wide birth, and the plumbs were saved to ripen.

This circumstance led to still further experiments, with like favorable results.

The sawdust thus saturated—which can be done with the cheapest kind of coal oil—retains the odor for a long time, which is quite offensive to the fastidious taste of this little pest. The borer also will not put his gimlet into the trunk of a tree which is encircled with this stuff.

STOREY IN ANOTHER FIT OF DELIRIUM.—Jeff. Davis' Chicago organ of Thursday last, contains the following notice of Daniel S. Dickinson's lecture for the benefit of children of soldiers:

"If those who really wish to benefit the children of soldiers fallen in battle can devise for that end no better means than the employment of this vapid, venomous, hoary-headed old blackguard of a lecturer, they are of shallow invention."

We would respectfully commend the above extract as descriptive of Storey himself, by substituting *another* orthography for the word *hoary*, and inserting the word *editor* in the place of *lecturer*.—*Chicago Railroad Gazette.*

TERRIBLE ACCIDENT.—Doctor Balcom was called out on the Green Bay road on Monday last to see a man named Patrick Keenan, who had been drawn five times under the tumbling rod of a thrashing machine, and was only saved from other experiences of the same kind by the breaking of the couplings. Although terribly bruised and otherwise injured, Dr. B. has hopes of his recovery.—*Manitowoc Tribune.*

How many common figurative expressions in our language are borrowed from the art of carpentry, may be seen in the following sentence: "The lawyer who filed the bill, shaved a note, cut an acquaintance, split a hair, made an entry, got up a case, framed an indictment, empannelled a jury, put them into a box, nailed a witness, hammered a judge, and bored a whole court, all in one day, has since laid down the law and turned carpenter."

[Extract of a private letter from New York.]

COMPLIMENTARY TO BEECHER.—Ward Beecher has got home, and is more popular than ever. Even those heretofore most strongly prejudiced against him reluctantly admit that he has done the country a great service. His address, night before last, at the Academy of Music, realized $4,000 for the sanitary commission. I knew he would make his mark in England, especially if he encountered opposition. No man can match him in the management of a turbulent audience—as the Liverpool secesh doubtless found out before they were through with him. He is a host when earnest work is to be done—none of your soft, satin-velvety, conciliating polished old fogies, like Everett, but an intellectual rhinoceros, whose terrible horn and snout make the common cattle stand around—an iron-clad Doctor of Divinity, with a ram at both ends and guns pointing every way, charged with Greek fire.

RIGHT TO THE POINT.—The Missouri Democrat, in an article headed "Immediate and Gradual Emancipationists," says:

"Some obscurity in the minds of people abroad as to the real difference between the parties above named, in the state of Missouri, would, perhaps, make a word of explanation necessary. The difference is easily stated. The immediate emancipationists want to get rid of slavery, as soon as they can—the gradual emancipationists want to keep slavery as long as they can. The former desire emancipation from choice—the latter willing to take it when they can't help themselves."

A plan is talked of in Philadelphia for a mammoth heating apparatus—the heat to be distributed to dwellings as gas is distributed.

### A Good Work Accomplished.

We are certain that every citizen of this county and city will rejoice at the agreement of the county board and the city council to submit the matters in difference between the city and county to a board of arbitrators, whose decision is to be final and conclusive upon both parties. The selection of Judge Wheeler as umpire is a full guarrantee that a just and satisfactory settlement of this long standing difficulty will be made. We know that the great body of the people of this city are willing to pay the county every penny justly due, whenever that amount can be ascertained, and repose entire confidence in the mode of settlement now adopted. Its award will be cheerfully acquiesd in.

### What Rock County Has Done.

Mr. Holdridge, the county treasurer has revised the figures we published yesterday in relation to the tax raised in this county for the war. The amount of county script is $40,000; the county tax for this year is $21,150,—making with the $20,000 raised last year and the year before, EIGHTY-ONE THOUSAND, ONE HUNDRED AND FIFTY DOLLARS tax, levied by the county. The town taxes and private bounties for volunteering heretofore made, will not fall short of $50,000. Beloit city has just voted $10,000 more, and some of the towns in the county are discussing this subject of raising enough to free their localities from the draft by offering additional bounties to volunteers. "Old Rock" can well afford to bear the sneers of her copperhead maligners.

### Proceedings of the Board of Supervisors.

MONDAY AFTERNOON, Dec. 7.

The board met pursuant to adjournment, adoption of a motion to elect superintendent of the poor to morrow at 10 o'clock, adjourned to to-morrow morning.

TUESDAY, Dec. 8.

Board met at 9 o'clock, and proceeded to business. A resolution offered by Mr. Hudson accepting the proposition of the city to submit the tax matters to three persons, and naming Judge Wheeler of Oshkosh, was adopted by a unanimous vote.

Volney Atwood, county superintendent, submitted the annual report of the superintendents of the poor. Referred to committee to settle with county officers.

The election of the superintendents of the poor was postponed until the afternoon session.

Mr. Hudson reported a law for the distribution of the fund for the support of families of volunteers, similar in its general character to the law of last year. It appropriates $5 a month to a married woman with one child; $7 for two children, and $10 for three or more children.

Adjourned to 2 o'clock, P. M.

TWO O'CLOCK, P. M.

The board proceeded to select two superintendent of the poor. Volney Atwood and W. A. Pickett were chosen.

The salary of Mr. Pickett, the overseer, was fixed at $500 a year, in full for all services rendered.

An appropriation of $50 was made to Mr. Pickett for services as overseer of the county poor farm last year.

An appropriation of $300 was made for expenses of the office of the clerk of the circuit court.

Justices and constables' bills amounting to $122.05 were reported on and audited.

Mr. Hudson offered a resolution, which was adopted, instructing the treasurer to suspend payment of the county script until it became due, and to commence payment on account of the relief fund, out of any funds in the treasury.

Adjourned to 9 o'clock to-morrow morning.

COUNTERFEIT.—Among the most dangerous counterfeits now being pushed in the west, is a five on the Adams Bank of North Adams, Mass., before noticed in this paper. The counterfeits are good imitations—the figure 5 is coarser in the counterfeit than in the genuine. The track of the locomotive on the counterfeit is level—on the genuine it has a down grade.

## Last Night's Report.

WASHINGTON, Dec. 8

SENATE.—Senator Wilson of Massachusetts submitted a resolution that the committee on military affairs inquire what legislation is necessary to facilitate the payment of back pay and pensions of deceased soldiers &c.

[A resolution was adopted declaring that Mr. Wilson, of Missouri, who was appointed by the governor of the state during a recess of the legislature, was not entitled to a seat in the senate. This recognises the election of B. Gratz Brown and Henderson at the present session of the legislature.]

Mr. Wilson, of Massachusetts gave notice of a bill to increase the bounty for volunteering, and to make an appropriation for the same.

A message was received from the President, that he would communicate his message to morrow at half-past 12 o'clock, and the senate adjourned.

[Additional]

HOUSE.—The house re-elected Ira Goodnough, the present incumbent, door keeper. He received 98 votes, 79 being necessary to a choice. W. S. King, of Minnesota, was re-elected postmaster by 104 out of 166 votes.

Mr. Dawes presented the credentials of Segar, Kitchen and Chandler from Virginia, which were referred to the committee on elections.

Mr. Washburne of Illinois offered a resolution presenting the thanks of congress to Major General Grant, and the officers and soldiers who have fought under him during the rebellion, and providing that the president caused a medal to be struck for Gen. Grant in the name of the people of the United States. Passed unanimously without a word of debate or explanation.

NEW YORK, Dec. 8.

The Richmond Whig of the 3d talks in the following plain fashion: "With no other motive or thought than to advance the public interests, we would again suggest to President Davis the advantage of reconstructing his cabinet, and calling to his aid the very ablest men of the country. We have had a department of state that has not been able for three years to establish relations with any other state. A treasury department that has failed to keep its finances from running to ruin. A department of war in the hands of a chief whose studies and course of life has been purely and specially civil. A navy department without a navy. A post office without a system of mails. A department of justice vacant.

The business of each department separately shows a want of a more masterly hand, and the united powers of the chiefs in cabinet council, and all the councils ever held, fail to supply the quantity of wisdom the country needs. We are getting into too deep waters, and a feeling of sadness is shaking the souls of the people. There is nothing the president can do that will so reanimate their hearts, and stimulate their confidence and affection for him, as the calling to his side, as his daily advisers, a cabinet of the wisest, truest and most experienced men in the country, regardless of what may have been their former political association.

[illegible] urgent, and the people anxiously expectant, and for his own continuing capacity for usefulness and future fame, as well as on account of the sorely necessitous and exigent condition of the country, we earnestly press this recommendation.

WASHINGTON, Dec. 7.

Judge Advocate Holt has decided that the president's late proclamation suspending the writ of habeas corpus undoubtedly includes in its provisions the case of minors enlisted without their parent's consent, in whose behalf, therefore, such writ cannot be issued.

WASHINGTON, Dec. 8.

Special to Chicago Tribune.—The democrats displayed the same state of disorganization to-day, on the election of other officers, as they did yesterday on the speakership. They made our renegade and castoff clerk (Etheridge) their candidate, but some of their number refused to vote for him; while, for other offices, they could not unite their strength on any one candidate. They tried the game of nominating our sergeant at-arms, hoping to get some of his former friends to vote for him, and so run him in, but Mr. Ball was too good a Union man to permit himself to be used in that way, and promptly demanded the the withdrawal of his name.

The senate unceremoniously kicked out Wilson, of Missouri, who is trying to hold on to the place to which Gratz Brown has been elected.

The committees of the House will not be announced until next Monday. The pressure on the Speaker for the eligible places is tremendous. McPherson is being besieged by applicants for clerkships under him.

Mr. Arnold of Chicago gave notice that he would introduce a bill to prohibit slavery in the territory embraced in the President's Proclamation of Emancipation. Also a bill to repeal the clause in the Conscription Act authorizing the discharge of persons drafted on the payment of $300.

The frauds in the Quartermaster's department at Alexandria increase in magnitude. They will reach over a million dollars. In addition to Chief Quartermaster Ferguson and Capt. Stoddard, heretofore arrested, Captains Gay and Carry, and a brother of Stoddard's, have been committed to prison.

John Covode, of Pennsylvania, is here urging another committee of investigation into frauds of whatever character against the government.

The bill providing for the mustering out of service of some forty or fifty major and brigadier generals, their staff officers, &c., will be introduced, so as to give a chance for the promotion to worthy officers now in the field.

## To-Day's Report.

[Reported Exclusively for the Daily Gazette.]

### MORNING DISPATCHES.

WASHINGTON, Dec. 8.

Special to the Times.—Provost Marshal General Fry in his report will recommend to congress the repeal of the $300 commutation clause in the conscription act. It is thought this will compel every drafted man to furnish a substitute or take his place in the ranks. A curtailment of the list of disabilities which now exempts persons from military service will also be urged in congress. There seems to be a determination among the members of both houses to abolish the commutation clause. Most of the bills thus far of which notice has been given look to this result.

The Times' Washington dispatch says, the estimates of the Secretary of War are $2,000,000 less than last year. His report will show on what view of the war this diminution is based.

The memorial of C. W. Carrigan, contesting the seat of Mr. Russell Thayer, and the seat of Mr. Leonard Myers, all of Pa., were to-day presented in the house by Mr. S. J. Randall, and referred to the committee on elections.

TORONTO, C. W., Dec. 8.

Hawkins, one of the parties in the recent kidnapping case at Montreal, has been tried and found guilty. The trial of Hon. Joshua R. Giddings, American Consul, on the same charge, is set down for the 17th.

NEW YORK, Dec. 8.

General Butler has issued a lengthy order relative to colored troops, the effect of which is to call upon male negroes to volunteer to fight for the freedom of their race and to instruct every officer and soldier in his command to aid the coming of all colored persons into our lines.

Negro soldiers are to be paid a bounty of $10, and paid $10 a month, while their families are to be furnished with subsistence.

General Butler in his order calls on congress to place negro soldiers on the same footing as others.

### AFTERNOON DISPATCHES.

The Troy Whig says the entire assets of a recent bankrupt were nine children.—The creditors acted magnanimously and let him keep them.

A young married lady, whose husband has "gone to the war," heard in conversation the remark that the government wanted more cavalry and more infantry. She replied that she knew nothing about cavalry, but added, with a sigh, that if more infantry were needed, the government had better send some of the volunteers back home again.

A VEESE OF POETRY.—At a school examination recently there was competition among the children in writing "compositions." One little fellow, who was determined to get ahead of the rest if possible, wrote some poetry which occupied the whole of his time for three days, and was read by him at examination. This is it:

### From the Twelfth Battery.

[The following are extracts from a letter written by Ambrose Pierson to his parents, in camp near Chattanooga, Nov. 28th.]

"We fired but few shots, though we were in a good position to see the fight. We could see our men charge on the rebel batteries. The rebels had a great advantage over us, for they were on the mountains, and our men had to charge up, and all the while the rebels were pouring grape and canister into our ranks; but our men never flinched one inch, but went on and took all the artillery the rebels had. The rebels burned a hospital of ours. It had a good many wounded men in it, and a portion were so badly wounded that they could not be moved. I saw the house burn from where I was. Dave was over on the battle field yesterday. I was going with him, but had to go on a foraging expedition. We got some corn and hay for the horses, and some chickens, geese, turkeys, and a beef for ourselves. We happened to strike a rich planter, and a train of wagons was filled. We have to jayhawk, for our rations are not very plenty; they are hauling rations to our soldiers on the battle field, and to those who are in pursuit of Bragg's retreating army. Dave says that where the hospital was burnt he could see the bones of some of our men in the ashes.

Our regiment lost seventeen officers. The reason why the battery did not cross the river was they took our horses from us to haul the artillery out of Chattanooga, and did not bring them back until the battle was about over. We were ordered to help pursue the rebels, but our captain replied that we could not join in the pursuit, for our horses were too poor; they are nothing but skin and bones. We have not had one quarter feed, and sometimes not that for them, for a long time.

INDIA AND EUROPE.—The vessels which convey the last links in the great cable that is to connect remote India with Europe, have just sailed from England. The route to be followed by the line of telegraph is thus described by the London Times:

The five stations will be from Kurrachee to Gwadel, a distance of 250 miles; from Gwadel across the gulf to the Peninsula of Khasab; from Khasab to Bushire; and from Bushire to a place called Faw, a small eastern township on the estuary at the mouth of the Euphrates, where the submarine wire meets the land lines, which carry into Bagdad, thence to Mosul (the ancient Ninevah), thence to Diarbekir, and thence to Scutari on the Bosphorus, where it joins a dozen European routes.

The line will probably be laid in February. The Times apprehends that there will be trouble on the land part of the line extending from the gulf to Scutari, as a part of the country is in the hands of the Arabs, and the line from Bagdad to Scutari is worked by Turkish operators, who work only when they feel like working. To escape the Arabs, another land line is nearly or quite completed from Bushire to Teheran, and from Teheran to Bagdad, and, to check the Turks, a line will be completed from Teheran via Tiflis, connecting with the Russian lines.

AN IMPORTANT ARREST IN RACINE.—The Albany Argus of last Saturday says: "A young man, named Reuben M. Lawrence, was arrested the other day in Racine, Wisconsin, by officers Kipp and Keenan, of Troy, for stealing about $5,000 worth of railway tickets, current from beyond the Mississippi to the Hudson, and some $2,000 more in tickets on the Troy and Boston road. Lawrence was employed as a fireman on the Troy and Boston railroad."

The obstacles that had to be overcome in the march of Burnside's army to Knoxville, are represented to have been frightful. In many cases the horses utterly failed to drag the guns up the precipitous sides of the ascents, and then the struggling animals gave place to men who, with hands and shoulders to wheel and limber, hoisted guns and caissons from height to height. The fearful wayside was strewn with broken wheels and vehicles, and horses and mules dying exhausted on the march. Baggage animals, mules and drivers, in several instances, made missteps and rolled down the precipices.

DRINKING MORGAN'S HEALTH.—On Sunday evening last a large muscular man, named John Moore, entered a saloon on Central Avenue, and after calling for a glass, drank a health to John Morgan and a safe escape for him and all his men to Dixie, whereupon some words ensued between him and the bystanders, which resulted in an attack by Moore on a person named Kincade, who, from wounds in battle, had lost the use of one arm. The latter, however stood his ground, and finally broke a decanter on Moore's head, cutting him badly. Both parties were up before Judge Warren yesterday, who, upon hearing the testimony in the case, discharged Kincaid and sentenced Moore to a fine of $20 and ten days' imprisonment.—*Cincinnati Gazette.*

Gen. Carrington, in a letter to the lady managers of the soldiers' fair at Indianapolis, says the Christian Commission—the Sanitary Commission—the aid societies of different kinds, are the reflection of God's own spirit through the hearts of men, and they mark the justice of our cause as well as do our victories in the field.

The British Naval authorities have made a painful discovery—the Royal Oak, the pet of the Admirals, the newest and most expensive of their iron clads, only four months from her launch, has been found completely rotten in her four and a half inch plating. Her armor was made of what is termed "Muntz Metal," partly composed of copper, designed to create a slight galvanic action and thus prevent the adhesion of barnacles to her bottom, but the galvinism has had the effect to decompose the iron. When she was taken into docks her plates were so much softened that a pen-knife blade could be thrust into them half way to its handle.

### A Good Work Accomplished.

We are certain that every citizen of this county and city will rejoice at the agreement of the county board and the city council to submit the matters in difference between the city and county to a board of arbitrators, whose decision is to be final and conclusive upon both parties. The selection of Judge Wheeler as umpire is a full guarrantee that a just and satisfactory settlement of this long standing difficulty will be made. We know that the great body of the people of this city are willing to pay the county every penny justly due, whenever that amount can be ascertained, and repose entire confidence in the mode of settlement now adopted. Its award will be cheerfully acquised in.

### What Rock County Has Done.

Mr. Holdridge, the county treasurer has revised the figures we published yesterday in relation to the tax raised in this county for the war. The amount of county script is $40,000; the county tax for this year is $21,150,—making with the $20,000 raised last year and the year before, EIGHTY-ONE THOUSAND, ONE HUNDRED AND FIFTY DOLLARS tax, levied by the county. The town taxes and private bounties for volunteering heretofore made, will not fall short of $50,000. Beloit city has just voted $10,000 more, and some of the towns in the county are discussing this subject of raising enough to free their localities from the draft by offering additional bounties to volunteers. "Old Rock" can well afford to bear the sneers of her copperhead maligners.

### Proceedings of the Board of Supervisors.

MONDAY AFTERNOON, Dec. 7.

The board met pursuant to adjournment, adoption of a motion to elect superintendent of the poor to-morrow at 10 o'clock, adjourned to to-morrow morning.

TUESDAY, Dec. 8.

Board met at 9 o'clock, and proceeded to business. A resolution offered by Mr. Hudson accepting the proposition of the city to submit the tax matters to three persons, and naming Judge Wheeler of Oshkosh, was adopted by a unanimous vote.

Volney Atwood, county superintendent, submitted the annual report of the superintendents of the poor. Referred to committee to settle with county officers.

The election of the superintendents of the poor was postponed until the afternoon session.

Mr. Hudson reported a law for the distribution of the fund for the support of families of volunteers, similar in its general character to the law of last year. It appropriates $5 a month to a married woman with one child; $7 for two children, and $10 for three or more children.

Adjourned to 2 o'clock, P. M.

TWO O'CLOCK, P. M.

The board proceeded to select two superintendent of the poor. Volney Atwood and W. A. Pickett were chosen.

The salary of Mr. Pickett, the overseer, was fixed at $500 a year, in full for all services rendered.

An appropriation of $50 was made to Mr. Pickett for services as overseer of the county poor farm last year.

An appropriation of $300 was made for expenses of the office of the clerk of the circuit court.

Justices and constables' bills amounting to $122.05 were reported on and audited.

Mr. Hudson offered a resolution, which was adopted, instructing the treasurer to suspend payment of the county script until it became due, and to commence payment on account of the relief fund, out of any funds in the treasury.

Adjourned to 9 o'clock to-morrow morning.

COUNTERFEIT.—Among the most dangerous counterfeits now being pushed in the west, is a five on the Adams Bank of North Adams, Mass., before noticed in this paper. The counterfeits are good imitations—the figure 5 is coarser in the counterfeit than in the genuine. The track of the locomotive on the counterfeit is level—on the genuine it has a down grade.

WOLF HUNT.—The wolf hunt comes off Monday, the 14th, and not the 17th, as was published.

A battery of rifled guns has been mounted at Cleveland, Ohio, to defend the city against an assault from Canadian rebel gunboats, should they wander thither.

Rev. Henry Bayles, of Fall River, has a head of Franklin, which was painted in 1788 by Robert Fulton, who was for a time a portrait painter. His works are very rare.

The trunks of two trees have been sent from the battle field at Gettysburg to the Massachusetts and Pennsylvania Historical Societies. One of them has 250 bullet holes in the space of 21 feet, and the other

## BY TELEGRAPH.

BY WISCONSIN STATE TELEGRAPH LINE,

Office in Union Passenger Depot.

### Last Night's Report.

WASHINGTON, Dec. 8

SENATE.—Senator Wilson of Massachusetts submitted a resolution that the committee on military affairs inquire what legislation is necessary to facilitate the payment of back pay and pensions of deceased soldiers &c.

[A resolution was adopted declaring that Mr. Wilson, of Missouri, who was appointed by the governor of the state during a recess of the legislature, was not entitled to a seat in the senate. This recognises the election of B. Gratz Brown and Henderson at the present session of the legislature.]

Mr. Wilson, of Massachusetts gave notice of a bill to increase the bounty for volunteering, and to make an appropriation for the same.

A message was received from the President, that he would communicate his message to-morrow at half-past 12 o'clock, and the senate adjourned.

[Additional.]

HOUSE.—The house re-elected Ira Goodnough, the present incumbent, door keeper. He received 98 votes, 79 being necessary to a choice. W. S. King, of Minnesota, was re-elected postmaster by 104 out of 166 votes.

Mr. Dawes presented the credentials of Segar, Kitchen and Chandler from Virginia, which were referred to the committee on elections.

Mr. Washburne of Illinois offered a resolution presenting the thanks of congress to Major General Grant, and the officers and soldiers who have fought under him during the rebellion, and providing that the president caused a medal to be struck for Gen. Grant in the name of the people of the United States. Passed unanimously without a word of debate or explanation.

NEW YORK, Dec. 8.

The Richmond Whig of the 3d talks in the following plain fashion: "With no other motive or thought than to advance the public interests, we would again suggest to President Davis the advantage of reconstructing his cabinet, and calling to his aid the very ablest men of the country. We have had a department of state that has not been able for three years to establish relations with any other state. A treasury department that has failed to keep its finances from running to ruin. A department of war in the hands of a chief whose studies and course of life has been purely and specially civil. A navy department without a navy. A post office without a system of mails. A department of justice vacant.

The business of each department separately shows a want of a more masterly hand, and the united powers of the chiefs in cabinet council, and all the councils ever held, fail to supply the quantity of wisdom the country needs. We are getting into too deep waters, and a feeling of sadness is shaking the souls of the people. There is nothing the president can do that will so reanimate their hearts, and stimulate their confidence and affection for him, as the calling to his side, as his daily advisers, a cabinet of the wisest, truest and most experienced men in the country, regardless of what may have been their former political associations.

[illegible] urgent, and the people anxiously expectant, and for his own continuing capacity for usefulness and future fame, as well as on account of the sorely necessitous and exigent condition of the country, we earnestly press this recommendation.

WASHINGTON, Dec. 7.

Judge Advocate Holt has decided that the president's late proclamation suspending the writ of habeas corpus undoubtedly includes in its provisions the case of minors enlisted without their parent's consent, in whose behalf, therefore, such writ cannot be issued.

WASHINGTON, Dec. 8.

Special to Chicago Tribune.—The democrats displayed the same state of disorganization to-day, on the election of other officers, as they did yesterday on the speakership. They made our renegade and cast-off clerk (Etheridge) their candidate, but some of their number refused to vote for him; while, for other offices, they could not unite their strength on any one candidate. They tried the game of nominating our sergeant-at-arms, hoping to get some of his former friends to vote for him, and so run him in, but Mr. Ball was too good a Union man to permit himself to be used in that way, and promptly demanded the the withdrawal of his name.

The senate unceremoniously kicked out Wilson, of Missouri, who is trying to hold on to the place to which Gratz Brown has been elected.

The committees of the House will not be announced until next Monday. The pressure on the Speaker for the eligible places is tremendnous. McPherson is being besieged by applicants for clerkships under him.

Mr. Arnold of Chicago gave notice that he would introduce a bill to prohibit slavery in the territory embraced in the President's Proclamation of Emancipation. Also a bill to repeal the clause in the Conscription Act authorizing the discharge of persons drafted on the payment of $300.

The frauds in the Quartermaster's department at Alexandria increase in magnitude. They will reach over a million dollars. In addition to Chief Quartermaster Ferguson and Capt. Stoddard, heretofore arrested, Captains Gay and Carry, and a brother of Stoddard's, have been committed to prison.

John Covode, of Pennsylvania, is here urging another committee of investigation into frauds of whatever character against the government.

The bill providing for the mustering out of service of some forty or fifty major and brigadier generals, their staff officers, &c., will be introduced, so as to give a chance for the promotion to worthy officers now in the field.

### To-Day's Report.

[Reported Exclusively for the Daily Gazette.]

#### MORNING DISPATCHES.

WASHINGTON, Dec. 8.

Special to the Times.—Provost Marshal General Fry in his report will recommend to congress the repeal of the $300 commutation clause in the conscription act. It is thought this will compel every drafted man to furnish a substitute or take his place in the ranks. A curtailment of the list of disabilities which now exempts persons from military service will also be urged in congress. There seems to be a determination among the members of both houses to abolish the commutation clause. Most of the bills thus far of which notice has been given look to this result.

The Times' Washington dispatch says, the estimates of the Secretary of War are $2,000,000 less than last year. His report will show on what view of the war this diminution is based.

The memorial of C. W. Carrigan, contesting the seat of Mr. Russell Theyer, and the seat of Mr. Leonard Myers, all of Pa., were to-day presented in the house by Mr. S. J. Randall, and referred to the committee on elections.

TORONTO, C. W., Dec. 8.

Hawkins, one of the parties in the recent kidnapping case at Montreal, has been tried and found guilty. The trial of Hon. Joshua R. Giddings, American Consul, on the same charge, is set down for the 17th.

NEW YORK, Dec. 8.

General Butler has issued a lengthy order relative to colored troops, the effect of which is to call upon male negroes to volunteer to fight for the freedom of their race and to instruct every officer and soldier in his command to aid the coming of all colored persons into our lines.

Negro soldiers are to be paid a bounty of $10, and paid $10 a month, while their families are to be furnished with subsistence.

General Butler in his order calls on congress to place negro soldiers on the same footing as others.

#### AFTERNOON DISPATCHES.

No report this p. m. in consequence of the telegraph line being occupied in the transmission of the president's message.

#### ALL SORTS OF PARAGRAPHS.

A recruiting office was opened in Brownville, Texas, immediately upon the occupation of that place by General Banks, and on the first day over one hundred men enlisted for the first Texas regiment.

The American fleet of iron clads is, says the London Times, in point of numbers, incomparably the strongest in the world being more numerous than the squadrons of all other countries put together.

One woman can now make as much lace in a day as a hundred women could a hundred years ago. One woman can also wear as much as a hundred used to.

The Troy Whig says the entire assets of a recent bankrupt were nine children.—The creditors acted magnanimously and let him keep them.

A young married lady, whose husband has "gone to the war," heard in conversation the remark that the government wanted more cavalry and more infantry. She replied that she knew nothing about cavalry, but added, with a sigh, that if more infantry were needed, the government had better send some of the volunteers back home again.

SENATOR DODGE.—The venerable ex-senator and ex-governor Dodge was baptized into the communion of the Episcopal church, by Rev. L. P. Schiffely, Mineral Point. He is now eighty-one years of age.

Few women are so modest as to be unwilling to sit in the lap of ease and luxury.

The New York World says the coming winter is to be twice as gay and extravagant as any previous season in that city. All the public halls are engaged for every night to the end of February, and some of them far into April. Private balls and parties were never so numerous, and as for theatres, they were never so thronged.

In some parts of Germany, it is contrary to law for mothers to sleep with their infants until they are two years old, because so many of the latter are suffocated by the practice.

General Grant has captured within the past seven months *four hundred and twelve* rebel cannon, namely; 52 on his advance to Vicksburg, 300 at that place, and 60 at the recent battle at Chattanooga.

From all parts of the country we have the most cheering intelligence regarding contributions for the relief of the poor.

Complaint was made in the Toombs police court, at New York, a few days ago, against a woman for robbing two little girls of their clothes. The children were returning from school, when a woman enticed them into an alley-way, and stripped them of almost all the garments they wore.

William Dillon, who was killed at the second battle of Bull Run, had $600 to $800 worth of property at Darien, Walworth Co., Wisconsin, for which heirs are wanted.

It is stated that Mrs. Kate Chase Sprague aspires to be the leader of fashion in the federal capital, and that Mrs. Lincoln is jealous of her in this respect.

At a christening, while a minister was making the certificate, he forgot the date, and happened to say, "let me see, this is the 30th." "The thirtieth," exclaimed the indignant mother; "indeed it is only the eleventh."

The eight Wisconsin battery is spoken of as having rendered essential service with its guns, from its position on Chattanooga creek, in covering Geary's advance up Lookout Mountain.

Gen. Banks has issued an order forbidding the inscribing, by merchants and others, their names and business on the national flag. He says it is an emblem of power and nationality which must not be desecrated.

A feature of the Boston Sanitary Fair will be a daily newspaper, which is to be made brilliant both in prose and verse, by the best talent of the city.

The surplus of the New York Russian ball fund, about $3,000, will be divided between the soldiers and the poor of New York.

A VERSE OF POETRY.—At a school examination recently there was competition among the children in writing "compositions." One little fellow, who was determined to get ahead of the rest if possible, wrote some poetry which occupied the whole of his time for three days, and was read by him at examination. This is it:

Pharaoh was a rascal
Because he would not
let the children of Israel
and their man servants
and their maid servants
with all their horses and
asses and cattle go a three
days' journey into the wilderness

### From the Twelfth Battery.

[The following are extracts from a letter written by Ambrose Pierson to his parents, in camp near Chattanooga, Nov. 28th.]

"We fired but few shots, though we were in a good position to see the fight. We could see our men charge on the rebel batteries. The rebels had a great advantage over us, for they were on the mountains, and our men had to charge up, and all the while the rebels were pouring grape and canister into our ranks; but our men never flinched one inch, but went on and took all the artillery the rebels had. The rebels burned a hospital of ours. It had a good many wounded men in it, and a portion were so badly wounded that they could not be moved. I saw the house burn from where I was. Dave was over on the battle field yesterday. I was going with him, but had to go on a foraging expedition. We got some corn and hay for the horses, and some chickens, geese, turkeys, and a beef for ourselves. We happened to strike a rich planter, and a train of wagons was filled. We have to jayhawk, for our rations are not very plenty; they are hauling rations to our soldiers on the battle field, and to those who are in pursuit of Bragg's retreating army. Dave says that where the hospital was burnt he could see the bones of some of our men in the ashes.

Our regiment lost seventeen officers. The reason why the battery did not cross the river was they took our horses from us to haul the artillery out of Chattanooga, and did not bring them back until the battle was about over. We were ordered to help pursue the rebels, but our captain replied that we could not join in the pursuit, for our horses were too poor; they are nothing but skin and bones. We have not had one quarter feed, and sometimes not that for them, for a long time.

INDIA AND EUROPE.—The vessels which convey the last links in the great cable that is to connect remote India with Europe, have just sailed from England. The route to be followed by the line of telegraph is thus described by the London Times:

The five stations will be from Kurrachee to Gwadel, a distance of 250 miles; from Gwadel across the gulf to the Peninsula of Khasab; from Khasab to Bushire; and from Bushire to a place called Faw, a small eastern township on the estuary at the mouth of the Euphrates, where the submarine wire meets the land lines, which carry into Bagdad, thence to Mosul (the ancient Ninevah), thence to Diarbekir, and thence to Scutari on the Bosphorus, where it joins a dozen European routes.

The line will probably be laid in February. The Times apprehends that there will be trouble on the land part of the line extending from the gulf to Scutari, as a part of the country is in the hands of the Arabs, and the line from Bagdad to Scutari is worked by Turkish operators, who work only when they feel like working. To escape the Arabs, another land line is nearly or quite completed from Bushire to Teheran, and from Teheran to Bagdad, and, to check the Turks, a line will be completed from Teheran via Tiflis, connecting with the Russian lines.

AN IMPORTANT ARREST IN RACINE.—The Albany Argus of last Saturday says: "A young man named Reuben M. Lawrence, was arrested the other day in Racine, Wisconsin, by officers Kipp and Keenan, of Troy, for stealing about $5,000 worth of railway tickets, current from beyond the Mississippi to the Hudson, and some $2,000 more in tickets on the Troy and Boston road. Lawrence was employed as a fireman on the Troy and Boston railroad."

The obstacles that had to be overcome in the march of Burnside's army to Knoxville, are represented to have been frightful. In many cases the horses utterly failed to drag the guns up the precipitous sides of the ascents, and then the struggling animals gave place to men who, with hands and shoulders to wheel and limber, hoisted guns and caissons from height to height. The fearful wayside was strewn with broken wheels and vehicles, and horses and mules dying exhausted on the march. Baggage animals, mules and drivers, in several instances, made missteps and rolled down the precipices.

DRINKING MORGAN'S HEALTH.—On Sunday evening last a large muscular man, named John Moore, entered a saloon on Central Avenue, and after calling for a glass, drank a health to John Morgan and a safe escape for him and all his men to Dixie, whereupon some words ensued between him and the bystanders, which resulted in an attack by Moore on a person named Kincade, who, from wounds in battle, had lost the use of one arm. The latter, however stood his ground, and finally broke a decanter on Moore's head, cutting him badly. Both parties were up before Judge Warren yesterday, who, upon hearing the testimony in the case, discharged Kincaid and sentenced Moore to a fine of $20 and ten days' imprisonment.—*Cincinnati Gazette.*

Gen. Carrington, in a letter to the lady managers of the soldiers' fair at Indianapolis, says the Christian Commission—the said societies of different kinds, are the reflection of God's own spirit through the hearts of men, and they mark the justice of our cause as well as do our victories in the field.

The British Naval authorities have made a painful discovery—the Royal Oak, the pet of the Admirals, the newest and most expensive of their iron clads, only four months from her launch, has been found completely rotten in her four and a half inch plating. Her armor was made of what is termed "Muntz Metal," partly composed of copper, designed to create a slight galvanic action and thus prevent the adhesion of barnacles to her bottom, but the galvinism has had the effect to decompose the iron. When she was taken into docks her plates were so much softened that a pen-knife blade could be thrust into them half way to its handle.

SPECIAL MEETING, TUESDAY EVENING, December 8 }

His Honor the Mayor, and Ald. Bates, Burnham, Fredendall, Shelton and Strong, present.

The proposition offered by the council at the last regular meeting, for the settlement of the differences existing between the city and county, which had been accepted by the board of supervisors, and Judge E. W. Wheeler named as the third arbitrator, was again adopted, and John Winans, Esq., named on the part of the city.

Ald. Strong offered a resolution to submit a proposition to the voters, as soon as an election could be called, to raise by tax $24,000 to pay bounties to volunteers—$200 to each volunteer. Laid on the table.

Adjourned.

### Donation Visit.

### Union Anti-Thief Society.

The annual meeting of this society will be held at Evansville, Saturday, Dec. 12th, 2 o'clock P. M., and a full attendance is especially desirable, as important business will be transacted. Members of neighboring societies are invited to attend. The object of this society is to protect all kinds of property to the amount of $10 and over, and institute proceedings for its recovery when stolen. By order of Committee.

### Draft Meeting in Bradford.

The citizens of Bradford are requested to meet at the usual place of holding town meetings, Monday evening, December 14th, for the the purpose of ascertaining the number of men enlisted that can be accredited on the next draft.

MANY CITIZENS.

CITY BOUNTY.—The people of the city of Beloit last Saturday voted to levy a tax of $10,000 as a bounty for volunteers. Its quota is 54, and 30 enlisted the first day after the vote

NEW FURNITURE STORE.—Messrs. Hanson & Swager have opened a new furniture store on Main street, nearly opposite McKey's. They are good workmen, fair dealers, and will keep a large stock.

LECTURE.—Prof. Liberman lectures at the Methodist church this evening. Subject, "On what ground is Vallandigham wrong." Admission 15 cents.

DONATION VISIT.—Don't forget the donation party *this evening* at the Myers House.

☞ Sutherland has Peterson's and Ballou's Magazines for January, 1864.

RECRUITING.—Capt. Nathaniel Parker is now recruiting for the 2d Wisconsin cavalry, Gen. Washburn's old regiment. The regiment is now stationed at Red Bone Creek, 12 miles north of Vicksburg, in the vicinity of Jeff. Davis' residence. Our people know Capt. "Nat" so well that we need not speak in praise of him, and the opportunity of going into a favorite branch of the service, under a good officer, and in a good company where many old friends are gathered, is such that we expect "Nat" will take many who wish to escape a draft.

Recruiting office two doors west of the big mill.

CHANGE OF TIME ON MILWAUKEE ROAD.—Trains leave Janesville on and after December 10th, as follows: For Milwaukee at 6:00 a. m. and 2.35 p. m.; for Prairie du Chien at 12:40 p. m. and 7:10 p. m.; for Monroe at 4:15 p. m.

Arriving as follows: From Milwaukee at 2:20 p. m. and 8:50 p. m.; from Prairie du Chien at 7:10 a. m. and 4:00 p. m.; from Monroe at 12.00 m.

A NEW TIME TABLE.—See the advertisement of the Chicago and Northwestern road, on the 4th page, for a new time table.

THROW IT TO THE DOGS.—If every housewife will throw her cheap, worthless kinds of saleratus and soda to the dogs and use only the *Chemical Saleratus*, there will not be so much yellow, heavy bread and biscuit to be seen and consequently not so many dyspeptic, ailing persons. Get a paper and if it does not suit your money will be refunded daw

LOOK OUT FOR COUNTERFEITS! not only of bank bills, but of every thing truly valuable. We understand that even the indispensable articles known as "Family Dye Colors" are no exceptions to this rule. The imitations, like all counterfeits, are utterly worthless. Remember that Howe & Stevens' Family Dye Colors are the original, the only valuable and useful thing of the kind. daw

FOR ONCE, we take pleasure in calling the attention of our readers to an advertisement,—that of Howe & Stevens' "Family Dye Colors," in this day's paper. These Dyes have become a household necessity, and so general in their use that many a well dressed lady finds that many an article once rejected as out of date, is, by the aid of these Dyes, made as good as new. daw

## Special Advertisements AND NOTICES.

### Dr. Hale, of the Janesville Throat and Lung Institute, Myers House, on Nasal Catarrh and its Effects.

*To the Editors of the Gazette:*

SIRS—I wish to place before your readers the symptoms, effect, and ultimate end of Nasal Catarrh, the most terrible, and fatal disease that prevails in the northwest. Terrible because its approach is so silent, the end so sure and fatal.

Catarrh has, by physicians in past years, been considered incurable, but it has not prevailed to so great an extent, or been so fatal until within the last few years. Happily, inquiries and experiments have been pushed in the right direction, until the disease has been conquered, and need be feared no more by those who are disposed to avail themselves of the new mode of treatment. And here let me say, what many may find to their sorrow will be the case, that if those who have Catarrh or Throat disease, are attacked with *Diptheria* there will be no chance of saving their life.

It has been stated by eminent physicians, and statistics prove the truth of the assertion, that ONE HUNDRED THOUSAND persons die annually in this country of consumption. Every physician knows that with fully two-thirds of this number, the disease first commenced as a *Catarrh in the nasal passage*, the next step being to the throat and bronchial tubes and lastly the lungs.

THE SYMPTOMS of Catarrh, as they usually appear, are at first very slight. Persons find they take cold easy; are more sensitive to changes of temperature. In this condition, the nose may be dry, or a slight discharge, thin and acrid, afterward becoming thick and adhesive. As the disease becomes chronic, the discharges are increased in quantity, and are got rid of by blowing the nose, or most usually fall into the throat and are hawked or coughed off. It generally affects the voice, the breath, and the sense of smell is lessened; deafness frequently takes place. The eyes are weak, and *sometimes* the patient becomes entirely blind from Catarrh. Another prominent symptom of Catarrh is, that the person is obliged to clear his throat in the morning of a thick and slimy mucous, which has fallen down from the head during the night. When this takes place, the person may be sure that the disease is on its way to the lungs, and should lose no time in arresting its progress.

I have frequently been visited by persons who would say, "Doctor, I believe I am going into consumption; I have to cough so much; my throat is filled up with matter; and I have such pains in my shoulders, chest and side; my appetite is not good; I've no strength;" and various other exclamations of the same nature; when upon a careful examination their whole difficulty arose from Catarrh.

In those persons having a hereditary predisposition, marked by prominent shoulders, narrow chest, slender fingers, enlarged veins, tainted with scrofula, the effect of this Catarrhal secretion is more marked and certain in its effect upon the lungs and system generally.

Dr. Hale would respectfully refer those who are "suffering and doubting," to Mr. Schuyler, proprietor of the Schuyler House, Miss Belle Shattuck, Mrs. N. G. Kemiston, Mr. E. R. Beckley, Mr. Dewitt Davis, Mr. E. Doty, Job printer, &c.

### A CARD.

**Catarrh, Throat Diseases, Asthma, Bronchitis, Early Stages of Consumption, Liver Complaint, Diseases of Women, and all other Complaints that lead to Consumption.**

Are treated in a new and eminently successful manner by Dr. Hale, who has a permanent office in the MYER'S HOUSE, JANESVILLE.

Catarrh and Throat Diseases always end in *Consumption*, hence the necessity of consulting a physician devoted to this speciality, before it is too late, those who are trying patent nostrums, or waiting for the disease to "wear off" should think, while it is yet time, of those who waited but in vain, and gone down to the grave fallen victims to Consumption. Many might have been saved had they checked the disease while it was a Catarrh or Inflammation of the throat.

All are invited to call and investigate Dr. Hale's mode of treatment, practiced by no other physician. Consultation free.

Persons unable to apply at the office may consult by letter, when question lists will be furnished them to *give an accurate description of their case.*

We are in want of two good journeymen printers, to whom we can give full employment until the 1st of January.

**Proceedings of the Common Council.**

SPECIAL MEETING, TUESDAY EVENING, December 8.

His Honor the Mayor, and Ald. Bates, Burnham, Fredendall, Shelton and Strong, present.

The proposition offered by the council at the last regular meeting, for the settlement of the differences existing between the city and county, which had been accepted by the board of supervisors, and Judge E. W. Wheeler named as the third arbitrator, was again adopted, and John Winans, Esq., named on the part of the city.

Ald. Strong offered a resolution to submit a proposition to the voters, as soon as an election could be called, to raise by tax $24,000 to pay bounties to volunteers—$200 to each volunteer. Laid on the table.

Adjourned.

**Donation Visit.**

A donation party will be given for the benefit of the Rev. C. L. Thompson, at the hall and parlors of the Myers House, on Wednesday evening, December 9th, 1863. His friends are cordially invited to attend.

Music will be furnished by the Blind Institute Band.

Refreshments will be prepared for those who desire them.

WILLARD MERRILL,
Committee of Arrangements.

**Union Anti-Thief Society.**

The annual meeting of this society will be held at Evansville, Saturday, Dec. 12th, 2 o'clock P. M., and a full attendance is especially desirable, as important business will be transacted. Members of neighboring societies are invited to attend. The object of this society is to protect all kinds of property to the amount of $10 and over, and institute proceedings for its recovery when stolen. By order of Committee.

**Draft Meeting in Bradford.**

The citizens of Bradford are requested to meet at the usual place of holding town meetings, Monday evening, December 14th, for the the purpose of ascertaining the number of men enlisted that can be accredited on the next draft.

MANY CITIZENS.

CITY BOUNTY.—The people of the city of Beloit last Saturday voted to levy a tax of $10,000 as a bounty for volunteers. Its quota is 54, and 30 enlisted the first day after the vote.

NEW FURNITURE STORE.—Messrs. Hanson & Swager have opened a new furniture store on Main street, nearly opposite McKey's. They are good workmen, fair dealers, and will keep a large stock.

LECTURE.—Prof. Liberman lectures at the Methodist church this evening. Subject, "On what ground is Vallandigham wrong." Admission 15 cents.

DONATION VISIT.—Don't forget the donation party *this evening* at the Myers House.

☞ Sutherland has Peterson's and Ballou's Magazines for January, 1854.

RECRUITING.—Capt. Nathaniel Parker is now recruiting for the 2d Wisconsin cavalry, Gen. Washburn's old regiment. The regiment is now stationed at Red Bone Creek, 12 miles north of Vicksburg, in the vicinity of Jeff. Davis' residence. Our people know Capt. "Nat" so well that we need not speak in praise of him, and the opportunity of going into a favorite branch of the service, under a good officer, and in a good company where many old friends are gathered, is such that we expect "Nat" will take many who wish to escape a draft.

Recruiting office two doors west of the big mill.

CHANGE OF TIME ON MILWAUKEE ROAD.—Trains leave Janesville on and after December 10th, as follows: For Milwaukee at 6:00 a. m. and 2:35 p. m.; for Prairie du Chien at 12:40 p. m. and 7:10 p. m.; for Monroe at 4:15 p. m.

Arriving as follows: From Milwaukee at 2:20 p. m. and 8:50 p. m.; from Prairie du Chien at 7:40 a. m. and 4:00 p. m.; from Monroe at 12:00 m.

A NEW TIME TABLE.—See the advertisement of the Chicago and Northwestern road, on the 4th page, for a new time table.

THROW IT TO THE DOGS.—If every housewife will throw her cheap, worthless kinds of saleratus and soda to the dogs and use only the *Chemical Saleratus*, there will not be so much yellow, heavy bread and biscuit to be seen and consequently not so many dyspeptic, ailing persons. Get a paper and if it does not suit your money will be refunded. daw

LOOK OUT FOR COUNTERFEITS! not only of bank bills, but of every thing truly valuable. We understand that even the indispensable articles known as "Family Dye Colors," are no exceptions to this rule. The imitations, like all counterfeits, are utterly worthless. Remember that Howe & Stevens' Family Dye Colors are the original, the only valuable and useful thing of the kind. daw

FOR ONCE, we take pleasure in calling the attention of our readers to an advertisement,—that of Howe & Stevens' "Family Dye Colors," in this day's paper. These Dyes have become a household necessity, and so general in their use that many a well dressed lady finds that many an article once rejected as out of date, is, by the aid of these Dyes, made as good as new. daw

## Special Advertisements AND NOTICES.

**Dr. Hale, of the Janesville Throat and Lung Institute, Myers House, on Nasal Catarrh and its Effects.**

*To the Editors of the Gazette:*

SIRS—I wish to place before your readers the symptoms, effect, and ultimate end of Nasal Catarrh, the most terrible, and fatal disease that prevails in the northwest. Terrible because its approach is so silent, the end so sure and fatal.

Catarrh has, by physicians in past years, been considered incurable, but it has not prevailed to so great an extent, or been so fatal, until within the last few years. Happily, inquiries and experiments have been pushed in the right direction, until the disease has been conquered, and need be feared no more by those who are disposed to avail themselves of the new mode of treatment. And here let me say, what many may find to their sorrow will be the case, that if those who have Catarrh or Throat disease, are attacked with *Diptheria* there will be no chance of saving their life.

It has been stated by eminent physicians, and statistics prove the truth of the assertion, that ONE HUNDRED THOUSAND persons die annually in this country of consumption. Every physician knows that with fully two-thirds of this number, the disease first commenced as a *Catarrh in the nasal passage*, the next step being to the throat and bronchial tubes, and lastly the lungs.

THE SYMPTOMS of Catarrh, as they usually appear, are at first very slight. Persons find they take cold easy; are more sensitive to changes of temperature. In this condition, the nose may be dry, or a slight discharge, thin and acrid, afterward becoming thick and adhesive. As the disease becomes chronic, the discharges are increased in quantity, and are got rid of by blowing the nose, or most usually fall into the throat and are hawked or coughed off. It generally affects the voice, the breath, and the sense of smell is lessened; deafness frequently takes place. The eyes are weak, and sometimes the patient becomes entirely blind from Catarrh. Another prominent symptom of Catarrh is, that the person is obliged to clear his throat in the morning of a thick and slimy mucous, which has fallen down from the head during the night. When this takes place, the person may be sure that the disease is on its way to the lungs, and should lose no time in arresting its progress.

I have frequently been visited by persons who would say, "Doctor, I believe I am going into consumption; I have to cough so much; my throat is filled up with matter; and I have such pains in my shoulders, chest and side; my appetite is not good; I've no strength;" and various other exclamations of the same nature; when upon a careful examination their whole difficulty arose from Catarrh.

In those persons having a hereditary predisposition, marked by prominent shoulders, narrow chest, slender fingers, enlarged veins, tainted with scrofula, the effect of this Catarrhal secretion is more marked and certain in its effect upon the lungs and system generally.

Dr. Hale would respectfully refer those who are "suffering and doubting," to Mr. Schuyler, proprietor of the Schuyler House, Miss Belle Shattuck, Mrs. N. G. Keniston, Mr. E. R. Beckley, Mr. Dewitt Davis, Mr. E. Doty, job printer, &c.

**A CARD.**

**Catarrh, Throat Diseases, Asthma, Bronchitis, Early Stages of Consumption, Liver Complaint, Diseases of Women, and all other Complaints that lead to Consumption.**

Are treated in a new and eminently successful manner by Dr. Hale, who has a permanent office in the MYER'S HOUSE, JANESVILLE.

Catarrh and Throat Diseases always and in *Consumption*, hence the necessity of consulting a physician devoted to this speciality, before it is too late. Those who are trying patent nostrums, or waiting for the disease to "wear off" should think, while it is yet time, of those who waited but in vain, and gone down to the grave fallen victims to Consumption. Many might have been saved had they checked the disease while it was a Catarrh or inflammation of the throat.

All are invited to call and investigate Dr. Hale's mode of treatment, practiced by no other physician. Consultation free.

Persons unable to apply at the office may consult by letter, when question lists will be furnished them to give an accurate description of their case.

More patients were cured by the vapor bath, of Rheumatism, Gout, Scrofula, Bronchitis, Asthma, Chronic Sore-throat, Incipient Consumption, and that class of diseases known by the name of Female Weakness, than by all other known remedies put together. In Millinery Goods at *Wholesale* or *Retail*, *we cannot be undersold.*

**CLOTHING FOR THE MILLION!**

In our Clothing Department will be found decidedly the largest stock in this city, of Men's and Boys' Clothing, principally of our own manufacture, and from the largest and best clothing houses in New York city; also, a splendid line of French and English cloths, Cassimeres and Vestings, and all the superior makes of Harris and other noted manufacturers, which we sell by the piece or yard, or manufacture to order in the very best style. We guarantee to sell to the trade, in small quantities, as low as any house in the Union.

Garments cut to order in the most fashionable style, and trimmed at the very lowest figures. Call and examine our stock, which is one of the largest in the state.

In conclusion, we would say, that we never had a more splendid stock of goods than we have at present. It was purchased in Europe, personally, for net cash, and in invoices from importers and manufacturers, and will be sold by us at a small advance on cost. The old motto of "*Large Sales and Small Profits,*" was many years ago adopted by us, to our advantage; and this year, more than ever, we are bound to "go for it."

The line of the bottom of each gutter to be at all points of the uniform distance of twenty-two feet from the aforesaid center line.
